

## TECHNICAL DATA SHEET

2,4-Dinitrophenylhydrazine | CAS 119-26-6

### 1. Product Identification

|                  |                                |
|------------------|--------------------------------|
| Product Name     | 2,4-Dinitrophenylhydrazine     |
| CAS Number       | 119-26-6                       |
| Synonyms         | DNPH, 2,4-DNP, Brady's reagent |
| Category         | Specialty                      |
| Available Grades | Technical/30% moist/LR         |
| HSN Code         | 2928.00                        |

### 2. Physical & Chemical Properties

|                   |              |
|-------------------|--------------|
| Molecular Formula | —            |
| Molecular Weight  | —            |
| Appearance        | Refer to TDS |
| Density           | N/A          |
| Boiling Point     | N/A          |
| Melting Point     | N/A          |
| Flash Point       | N/A          |
| Solubility        | N/A          |

### 3. Applications

• Brady's reagent for carbonyls • Chemical synthesis • Analytical chemistry

### 4. Industries Served

Research, Chemical, Analytical

### 5. Packing & Supply

Standard industrial packing. Bulk and customised packing available on request. Export supply with full documentation (COA, MSDS, COO, Packing List).

Values are typical and given in good faith as a guide to product characteristics; they do not constitute a specification or guarantee. Refer to the batch COA for certified values.
