

## TECHNICAL DATA SHEET

Erythritol | CAS 149-32-0

### 1. Product Identification

|                  |                                                      |
|------------------|------------------------------------------------------|
| Product Name     | Erythritol                                           |
| CAS Number       | 149-32-0                                             |
| Synonyms         | Meso-Erythritol, E968, 1,2,3,4-Butanetetraol, Zerose |
| Category         | Food Chemical                                        |
| Available Grades | Food Grade/Pharmaceutical Grade                      |
| HSN Code         | 2905.29                                              |

### 2. Physical & Chemical Properties

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Formula | C <sub>4</sub> H <sub>8</sub> O <sub>4</sub> |
| Molecular Weight  | 122.12                                       |
| Appearance        | Refer to TDS                                 |
| Density           | N/A                                          |
| Boiling Point     | N/A                                          |
| Melting Point     | N/A                                          |
| Flash Point       | N/A                                          |
| Solubility        | N/A                                          |

### 3. Applications

• Non-caloric sweetener • Diabetic-friendly food • Oral care products • Pharmaceutical

### 4. Industries Served

Food, Pharma, Cosmetics

### 5. Packing & Supply

Standard industrial packing. Bulk and customised packing available on request. Export supply with full documentation (COA, MSDS, COO, Packing List).

Values are typical and given in good faith as a guide to product characteristics; they do not constitute a specification or guarantee. Refer to the batch COA for certified values.
