

## TECHNICAL DATA SHEET

Picolinic Acid | CAS 98-98-6

### 1. Product Identification

|                  |                                                                                 |
|------------------|---------------------------------------------------------------------------------|
| Product Name     | Picolinic Acid                                                                  |
| CAS Number       | 98-98-6                                                                         |
| Synonyms         | Pyridine-2-carboxylic acid, 2-Pyridinecarboxylic acid, $\alpha$ -Picolinic acid |
| Category         | Acid                                                                            |
| Available Grades | Technical/98%/LR                                                                |
| HSN Code         | 2933.39                                                                         |

### 2. Physical & Chemical Properties

|                   |              |
|-------------------|--------------|
| Molecular Formula | —            |
| Molecular Weight  | —            |
| Appearance        | Refer to TDS |
| Density           | N/A          |
| Boiling Point     | N/A          |
| Melting Point     | N/A          |
| Flash Point       | N/A          |
| Solubility        | N/A          |

### 3. Applications

• Pharmaceutical synthesis • Metal chelation • Chemical synthesis

### 4. Industries Served

Pharma, Chemical, Research

### 5. Packing & Supply

Standard industrial packing. Bulk and customised packing available on request. Export supply with full documentation (COA, MSDS, COO, Packing List).

Values are typical and given in good faith as a guide to product characteristics; they do not constitute a specification or guarantee. Refer to the batch COA for certified values.
